Enable "Remember Me" for Referring Doctors on your website

281 TDO KB December 3, 2025 Cloud Ribbon Menu, New User resources, Troubleshooting 9.02K

Overview

This option allows the referring doctors' computer to save their username and password.

Detailed Instructions

- Log in to the **Web Wizard** area of your website. If you have forgotten your login information, it is the same username and password that you use to login to www.TDO4Endo.com
- Go to **Website Settings**
- **Referring Doctor Login**
- Click **Enable 'Remember Me"** and select the amount of time the website should remember the user. See the image below:
