"No Defaults - Financial" Option

1005 TDOKB3 October 6, 2025 TDO software 979

"No Defaults - Financial" option

This option allows users to restrict the auto-population of default values for doctor and location in specific fields, rather than all fields, across various areas.

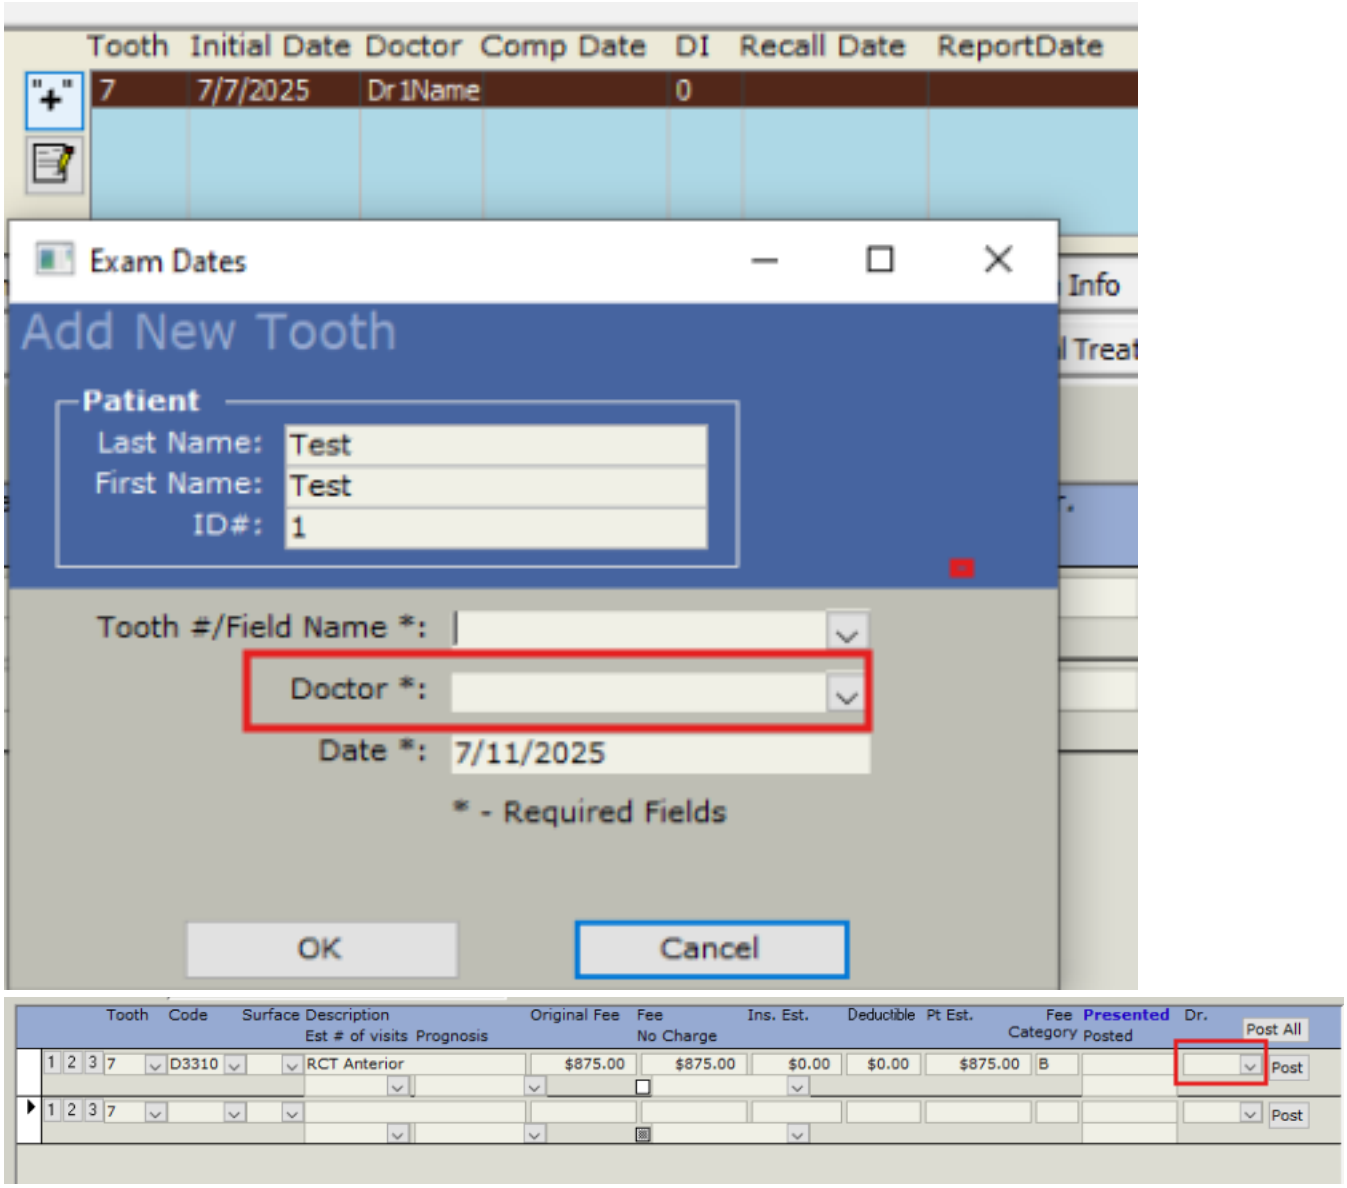

Requirements - **TDO-12 version 12.483 and higher**

Overview:

This option can be enabled or disabled through the 'Practice Information' tab in the Control Table as seen below.

- This option affects the fields that auto-populating with the default options in the following areas:
  - Add new tooth case
  - Ledger > Receive Payment
  - Ledger > Receive Insurance Payment
  - Fees
  - Appointment creation via Calendar

Examples of affected areas
