Clinical Findings at this Visit

239 TDO KB December 1, 2025 New User resources, TDO software 6.06K

Overview

On the right side of the patient **Note** page, there is a **Clinical Findings at this Visit** section.

Detailed Instructions

This is an optional section; however, it is an easy way to document clinical findings for each appointment.

When entering a note for the patient's visit, click the findings that apply. The items you select will automatically be included in the patients note.
