Search Time

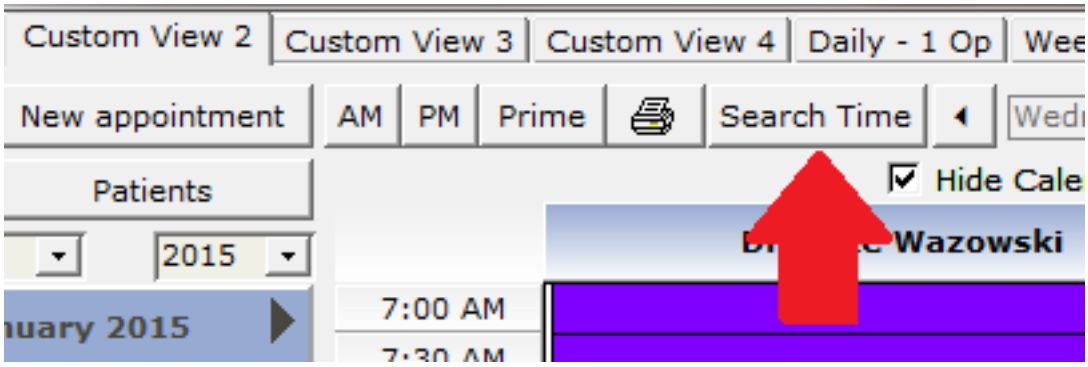

243 TDO KB February 25, 2026 Calendar 6.14K

Overview

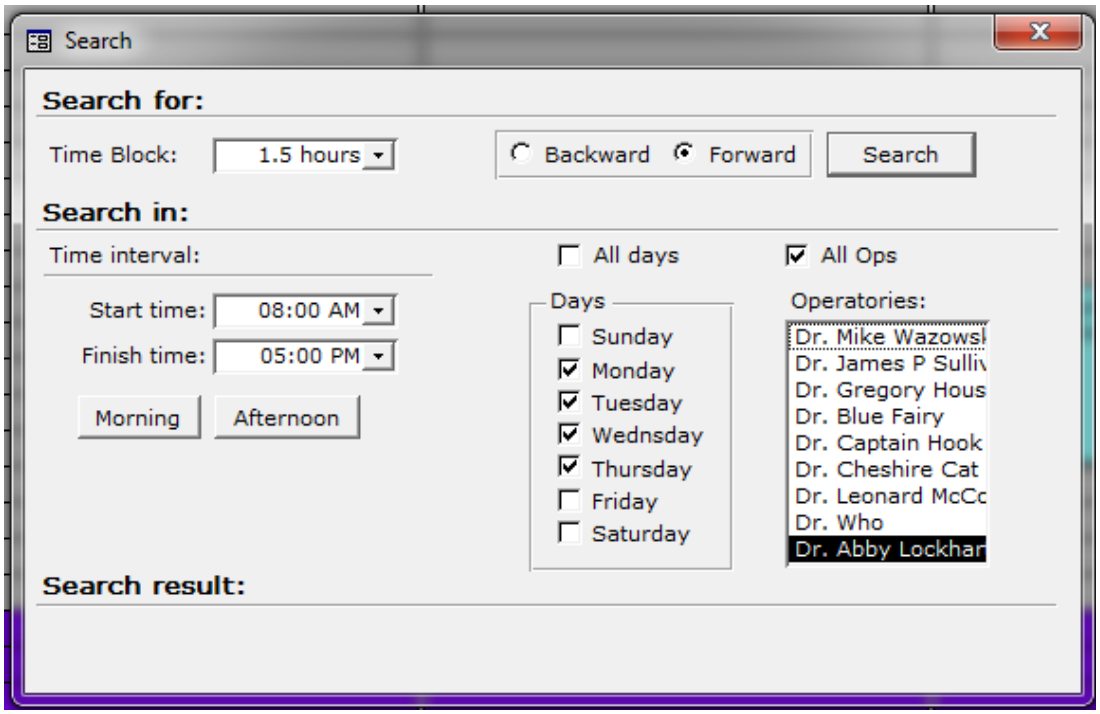

The TDO calendar offers a **Search Time** function. This can be helpful if you are looking for a specific time slot for an appointment.

Detailed Instructions

To perform a search, click the **Search Time** button on the top of the calendar.

Enter you search criteria by selecting the length of the open slot you require, the times to search, days of the week as well as operatories. Once all items are filled in click the **Search** button.

The bottom of the form (underneath **Search result:**) will show open slots that meet the search criteria. Pick one that meets the patient's needs and then click the **New Appointment** button. This will open the

new appointment form with the date, times and Op already filled in.
