

Print all Unprinted Insurance Claims

244 [TDO KB](#) February 26, 2026 [Insurance Tools](#) 5.77K

Overview

Sometimes insurance claims are created and are not printed out. To help this situation, TDO has a batch printing option.

Detailed Instructions

Menu bar. **Insurance tools>Print All Unprinted Insurance Claims**. By selecting this option, all claims created but not printed (or not sent to eclaims) will be printed at once.

If there are no claims to be printed, you will receive a message telling you that there are no unprinted claims.
