

How to Uninstall Microsoft Access 2002 Runtime

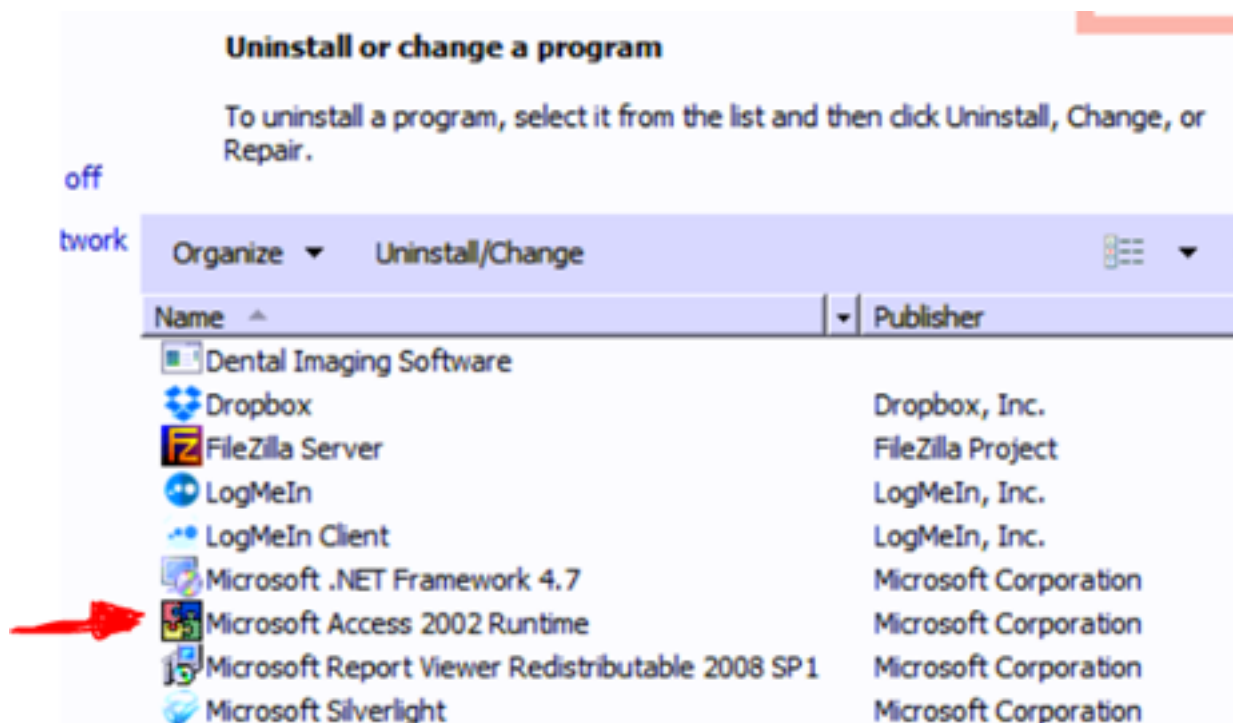

657 [TDO KB](#) October 12, 2023 [Troubleshooting](#) 14.45K

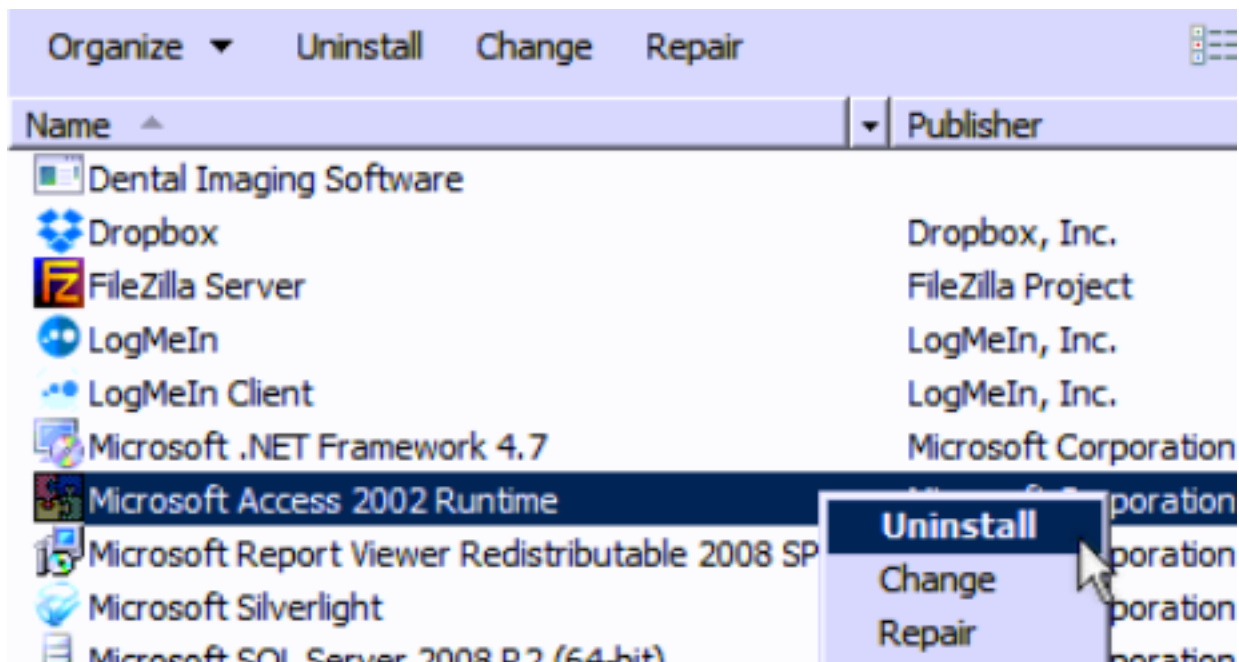

How to Uninstall Microsoft Access 2002 Runtime

1. Go to Control Panel and select Programs and Features.

2. When in Programs and Features, scroll down till you get to the Microsoft Access 2002 Runtime program. Select it, then right click on it. Then select “Uninstall”. Follow instructions for uninstall.

That's IT, reboot machine if you have to.
