How to adjust the font size in Patient Notes

772 TDO KB October 2, 2023 TDO software 7.23K

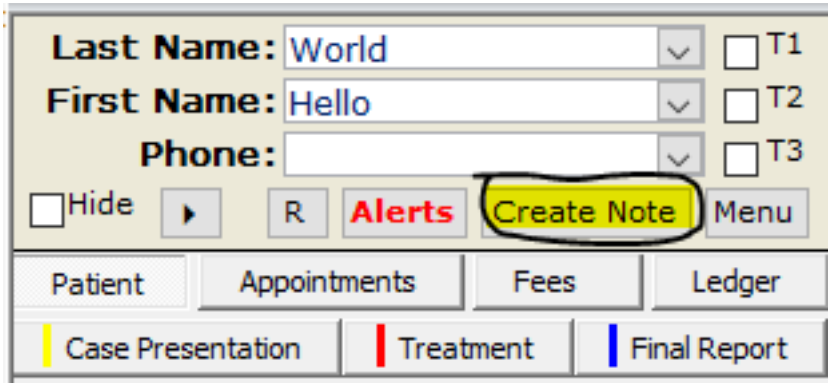

Overview

This feature will allow the staff and providers to increase the font size on the 'Patient Notes'. Note: this setting is per workstation. In the Patient Note form users will also find a Calendar button to add the date the note is being added in one click.

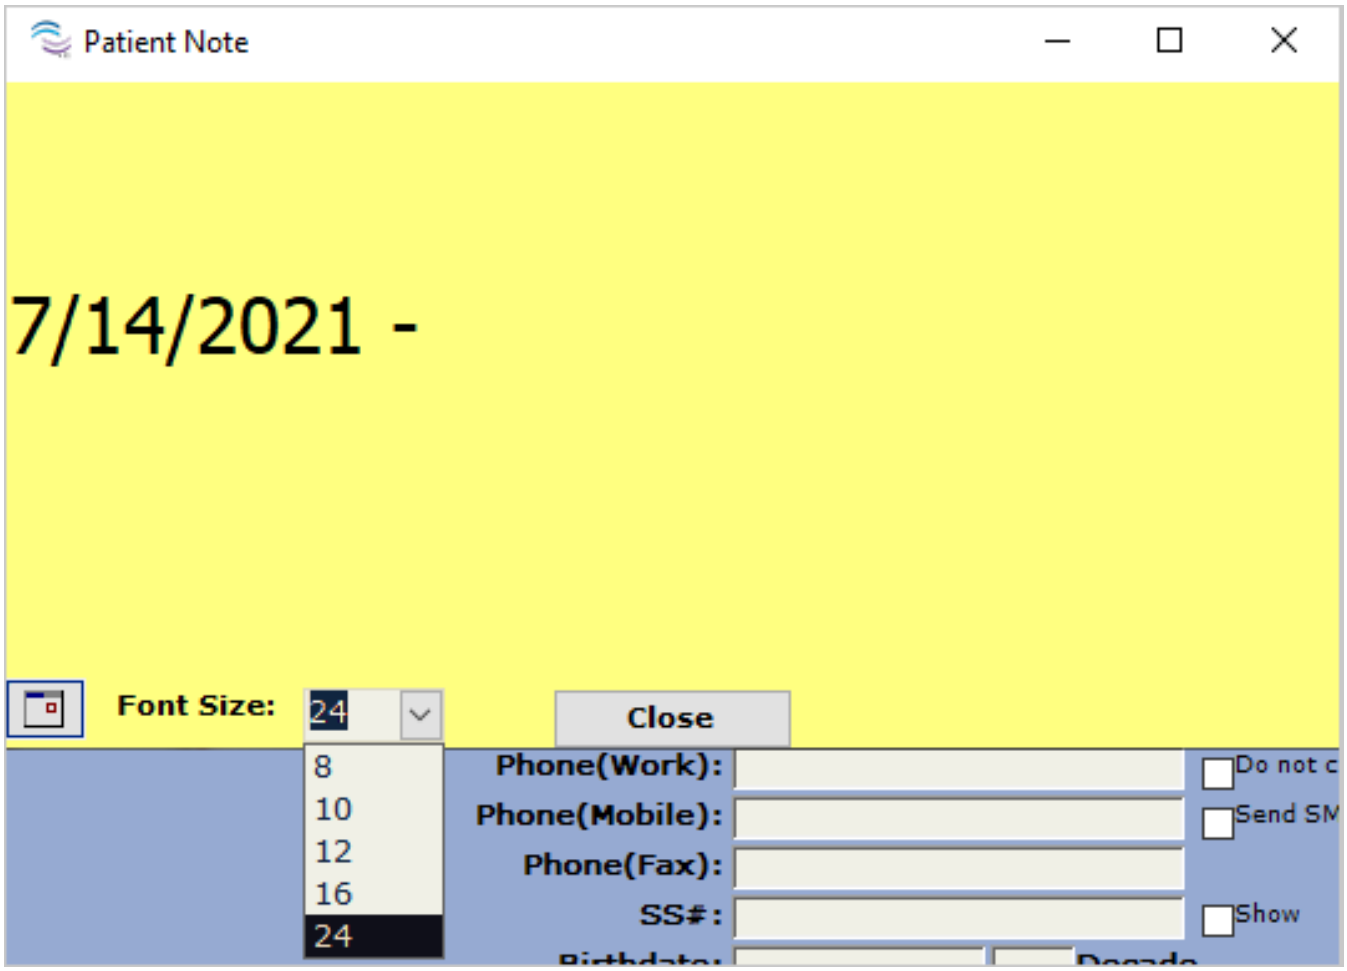

Note: This feature is available in TDO 12.351d and above.

Detailed Steps

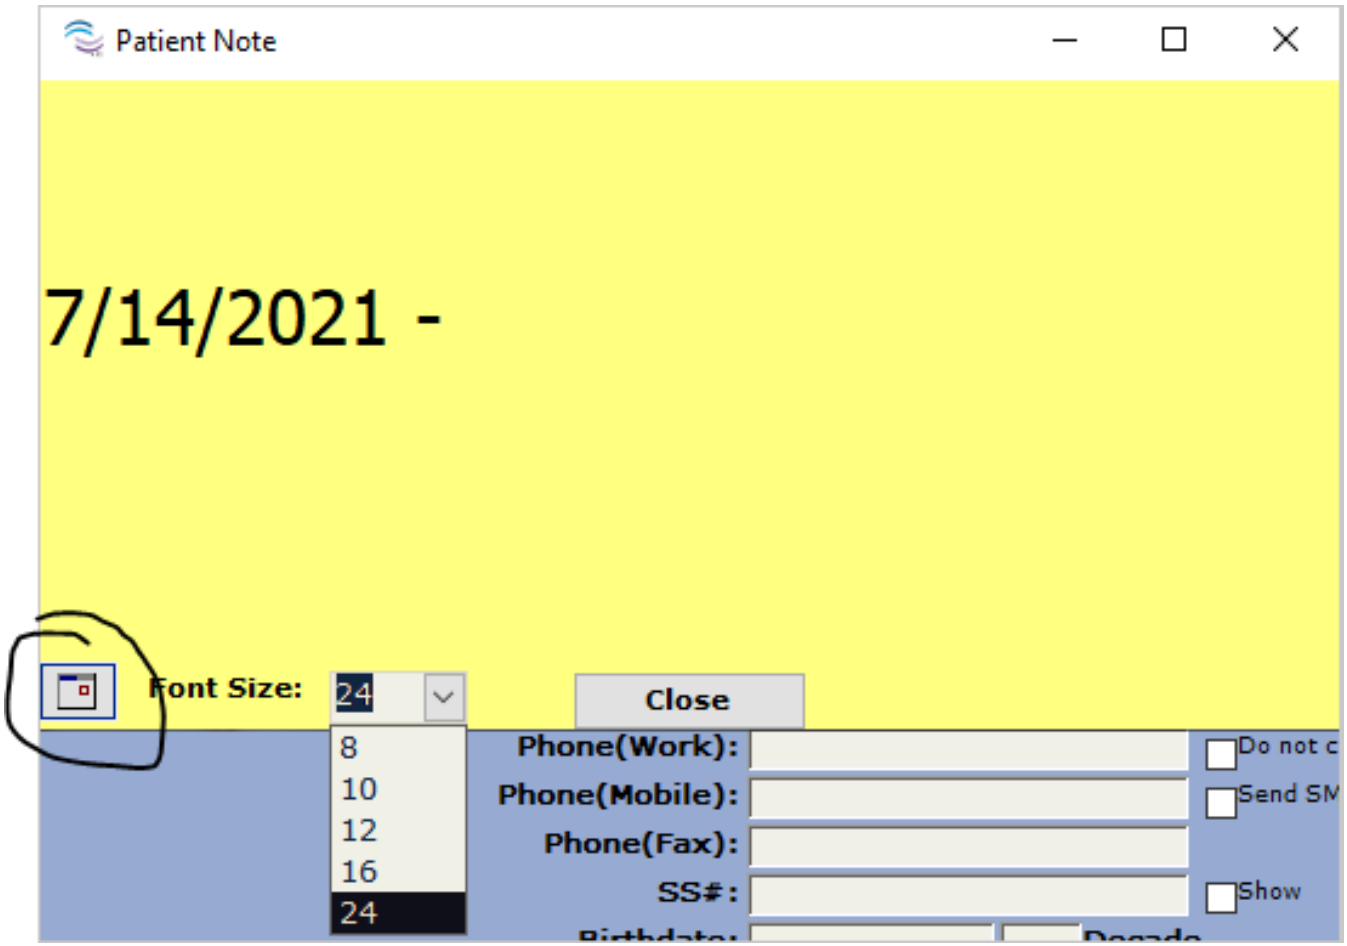

On the Patient page, click on "Create Note".

The 'Calendar' button and 'Font Size' dropdown will be located at the bottom of the window.

Clicking on the Calendar button will automatically add the current day in the note.

Clicking on the Font size will allow users to increase/decrease the size for easy view of the note(s) written. Font size available: 8 (default), 10, 12, 16, 24.
