Ability to Move images in Organizer to Beginning

786 TDO KB October 2, 2023 Organizer, Organizer 4.40K

Overview

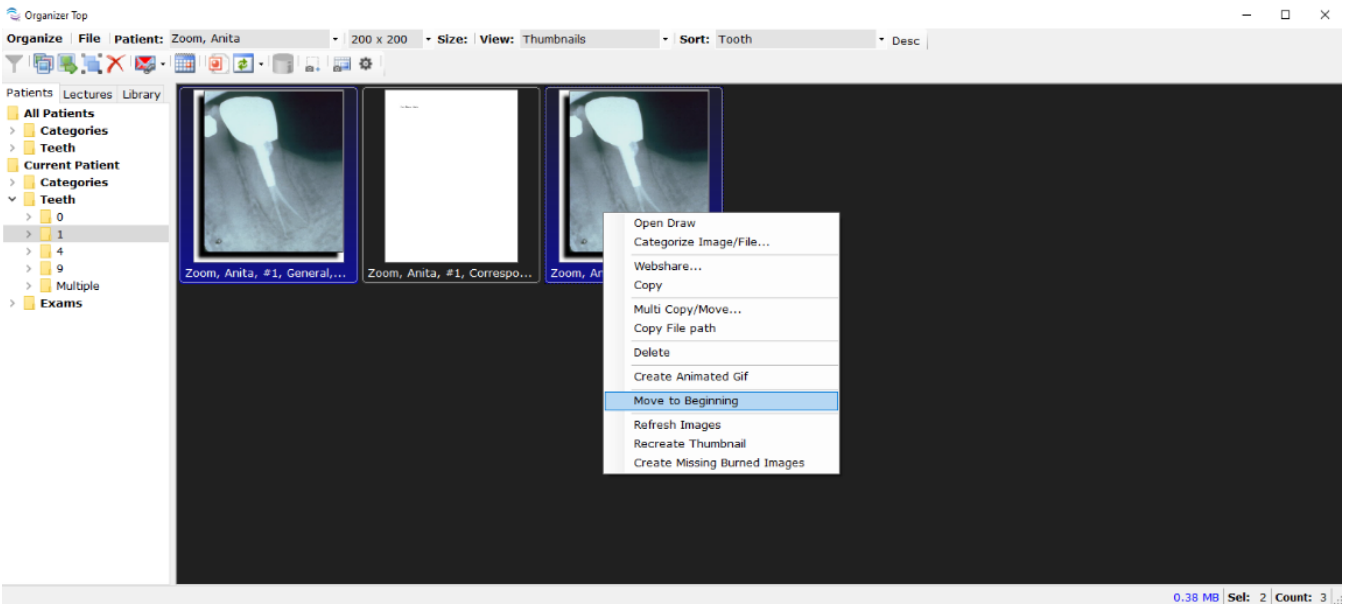

When working on a collage or an important lecture, users have the option to move the images to the beginning to make it easier to order the images for that important lecture.

Requirements:

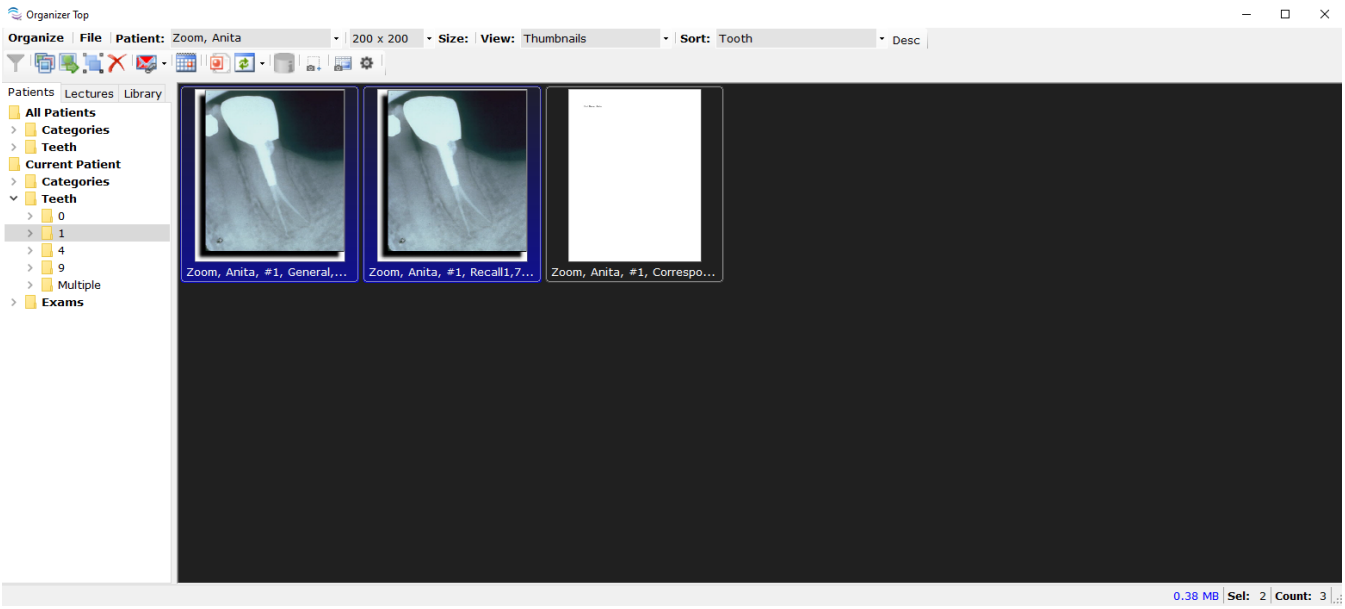

This feature is implemented in 12.355n

Detailed Instructions

- Select one or more images in Organizer
    - To select Multiple Images Hold down the "Ctrl" key and left Click on desired images
- Once image are selected, then right-click the image or just one of the many selected images
- Select 'Move to Beginning'

- The image(s) selected will show at the beginning of IO.

Note:

For TDO to keep the order in which the images are placed after moving the images to the beginning, sort the images by “User Defined” prior to moving the images.
