

How to Enter Vital Signs

806 [TDO KB](#) December 5, 2025 [New User resources](#) 4.98K

Overview

This article goes over how to enter vital signs for patients within TDO.

Detailed Instructions

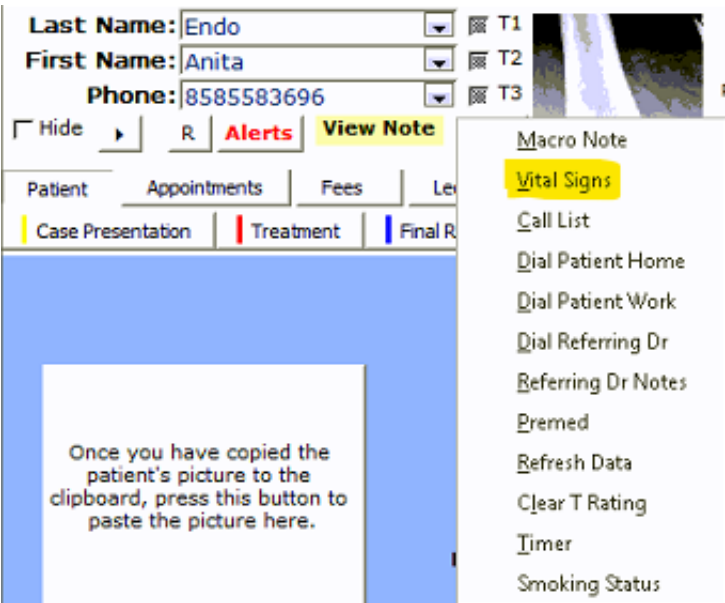

Select a patient.

Click the 'Menu' button below the T-rating checkboxes.

Note: You can also clear the patient's T-rating from this menu.

Select Vital Signs.

Enter the date, and record the patient's BP (Blood Pressure), Pulse, Height, Weight, and Temperature.

Med History Update

Vital Signs

	Date	BP	Pulse	Height	Weight	Temp
	03/27/20	120/80	80	185cm	100kg	65

Vital signs in the status bar of the Main Page should show the latest entry
