

BlueNote - installation or update

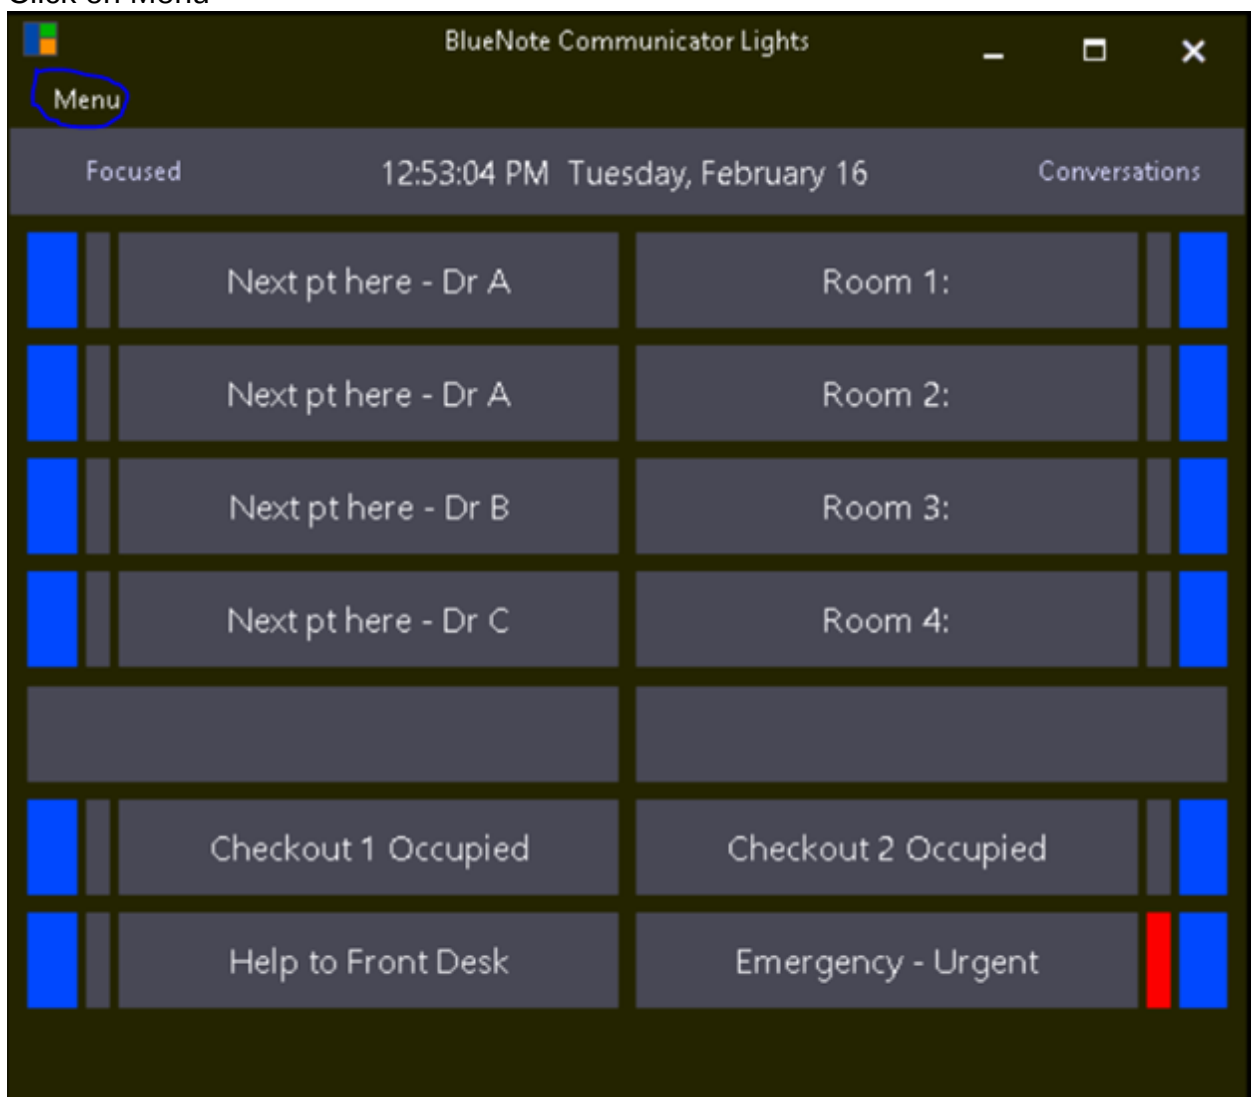

856 [TDOKB1](#) November 24, 2025 [Compatibility + Integrations](#) 8.65K

Overview

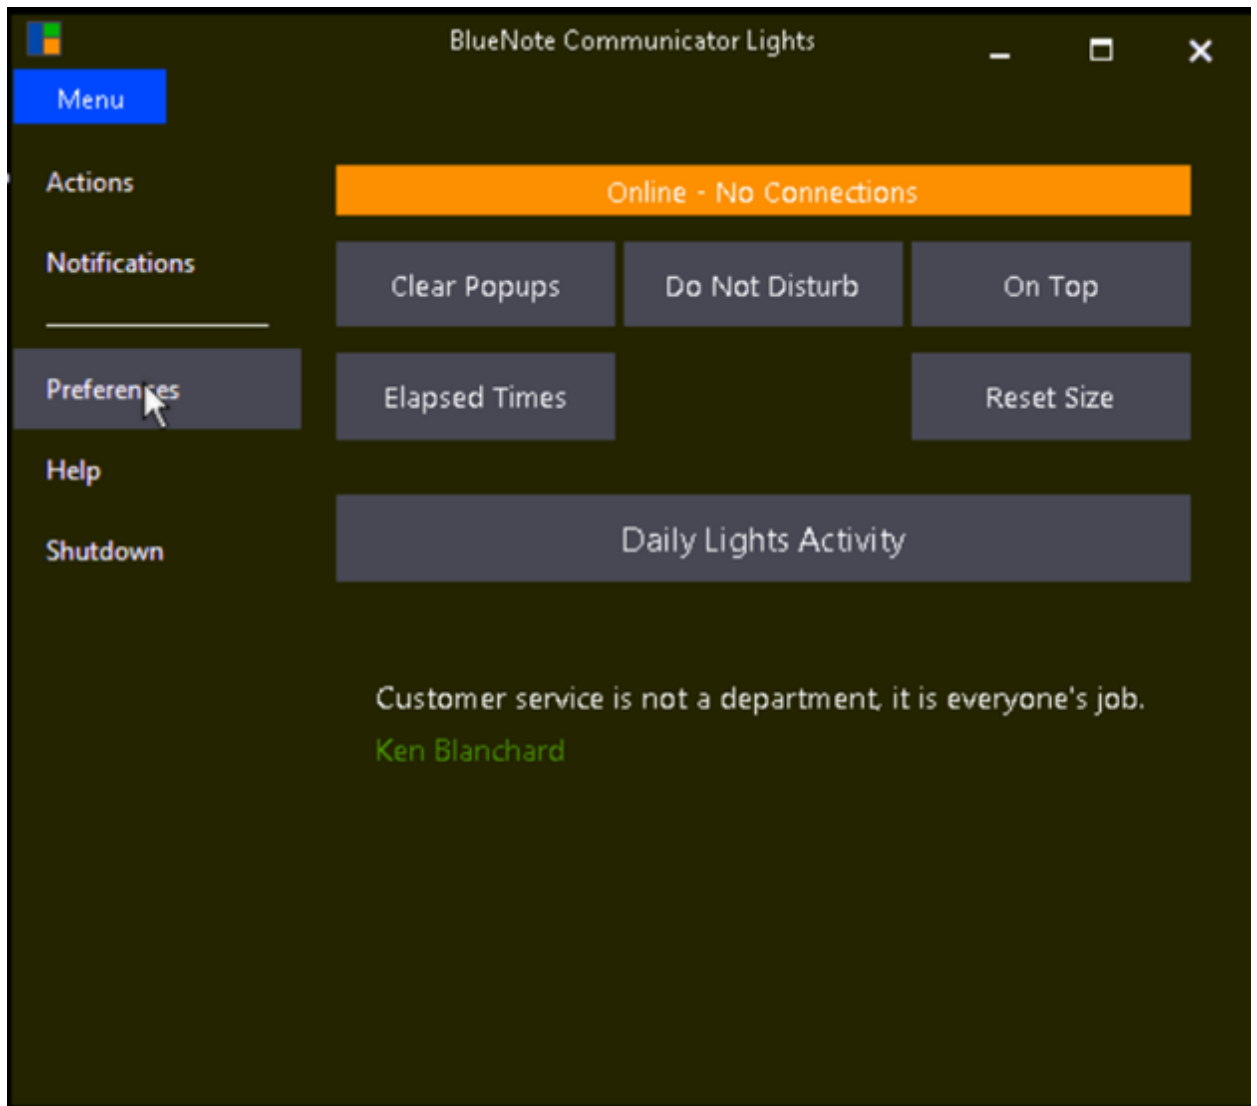

When the software BlueNote is installed or updated, TDO will need to be unlocked again. Please turn off Automatic updates and update manually when you are free to call in and ask for Unlock codes.

How to Turn off Automatic Updates in BlueNote

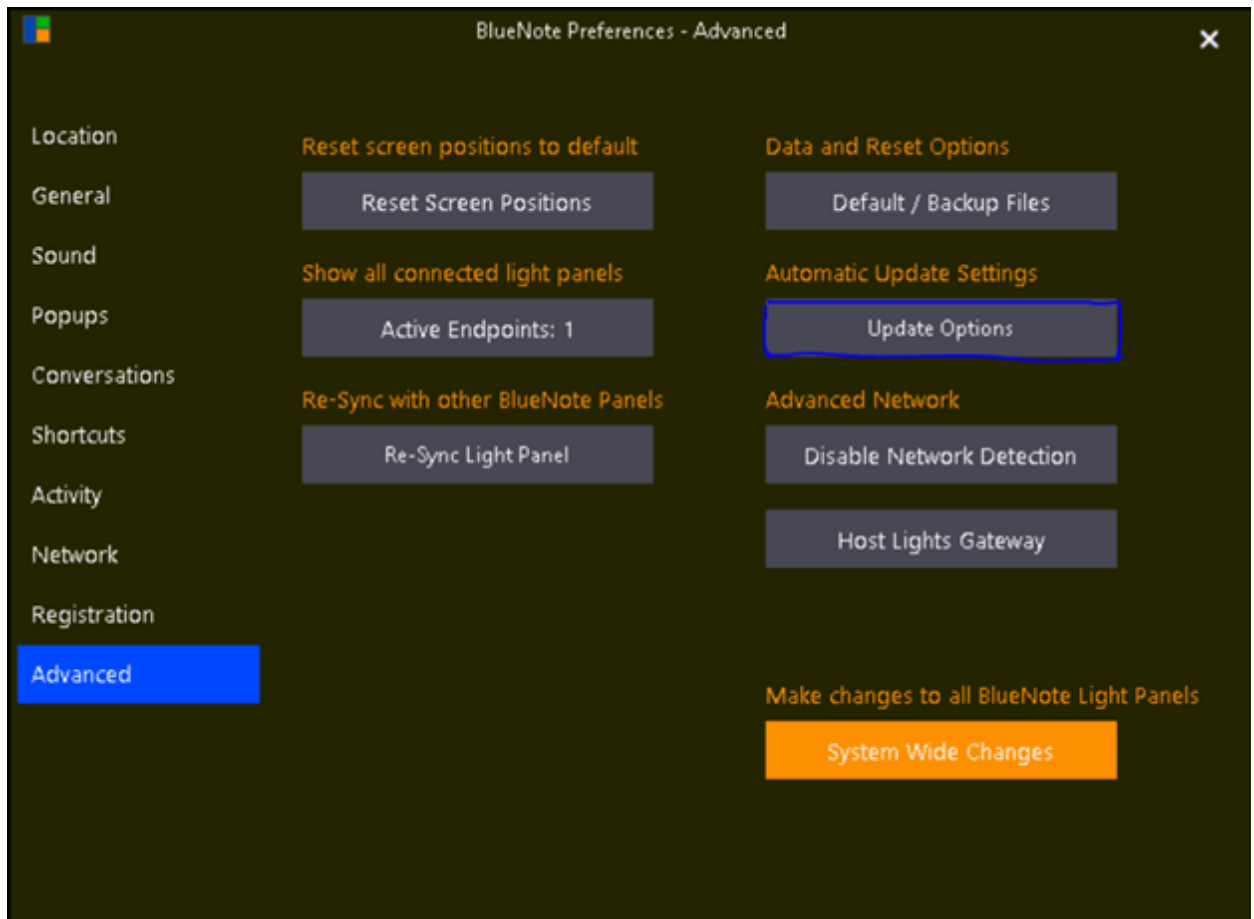

- Open BlueNote
- Click on Menu

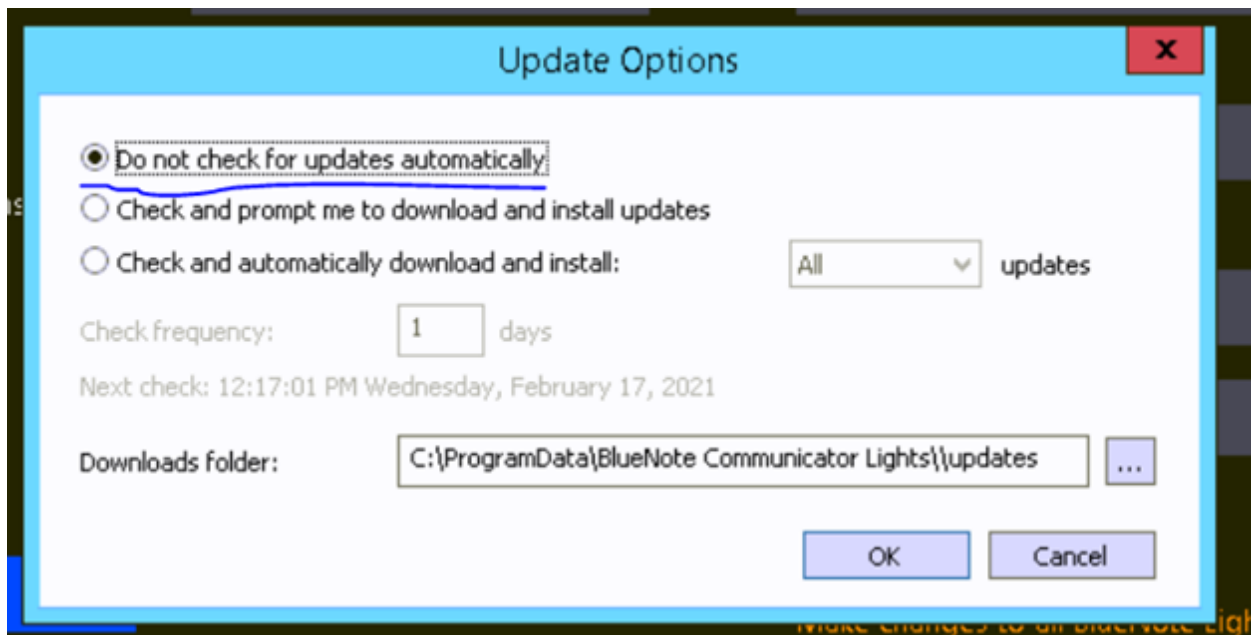

-
- Click on Preferences

- Click on Advanced
- Click on Update Options

- Click on “Do not check for updates automatically.”

- Click Ok, and BlueNote will not check for updates unless directed to look for updates.
